2025 BMW X5 M Competition

Dravit Grey · Street stance and wheel fitment

Current fitment	Dinan spacers of 12 mm front and 15 mm rear. Effective offsets are ET19 front and ET28 rear with the documented 818M wheels.
Performance spec	CarBahn S68 Stage 1 controller and high-flow filters were listed in the spec. The Dinan D660-0103 high-flow X-pipe was ordered to the installer.
Suspension target	CarBahn height-adjustable kit. Requested drop was 1.3–1.4 in. front and 1.2–1.3 in. rear to retain usable street clearance.
Aero and protection	Maxton Design splitter, side skirt diffusers, rear splitter, and spoiler cap on the order. Zunsport center grille ordered for radiator protection. Ceramic coating by KMW Detailing.
Proposed wheels	BC Forged HCA674 concept: 21 × 10.5 ET19 front and 22 × 11.5 ET28 rear, using the existing tire sizes. Confirm clearance and load rating before ordering.
